

NDRCC Camping Rules

CD's can alter the camping rules as needed for AMA Sanctioned Events.

Members who plan to fly may camp at Eagle for up to three consecutive days.

Grills may be used for cooking and no open fires are allowed.

There shall be no dumping of waste water.

There is a suggested \$10 per day donation for electricity for the six available camping slots. The slots are available on a first come, first served basis. Payment arrangements should be made with the current field officer - currently Dave Schaeffer- (captdaveschaefer@gmail.com).

Be respectful of all other club members and the property owners by following all other club rules. Leave the area like you found it, or better.

Violation of the camping rules will lead to a reprimand from the Board of Directors (2/3 vote required) and may include loss of camping privileges.
